WELCOME

Noble County experienced another year of growth in tourism in 2024. Most people come to enjoy the natural beauty of our area through outdoor recreation. We are excited to announce the addition of the **new splash pad** and the **opening of Skyline Resorts at Seneca Lake**.

The Noble County CVB has seen an increase in requests for our popular **Motorcycle Map** designed by Roadrunner Magazine that covers Southeastern Ohio roadways. We look forward to another big year of car tours and bike riders.

A few of the **2025 events to look forward to** include the Art On the Square, Fireman's Festival and Christmas to Remember, however due to a major downtown revitalization these events may have a different look or location this year. We apologize for the temporary inconvenience, but are excited for the visitors it will bring to Caldwell come 2026. The revitalization should be done just in time for America's 250th Celebration.

This year is the **100th Anniversary of the USS Shenandoah's crash in 1925**, in its honor we have carried the theme throughout the guide. We have several events and activities for the community planned. The **remembrance ceremony** will be held **August 31, 2025** in Ava, Ohio at the memorial site. All are welcome as we come together to remember this event and to honor those involved and lost in the tragedy. A **small ceremony** will be held at the Noble County Courthouse on **Sept. 3rd, 2025** to officially dedicate a wreckage piece from the USS Shenandoah on display in the courthouse, on loan from the Ike McDonald family, for the 100th Anniversary. You will find more on the USS Shenandoah throughout the guide.

The **Noble County Museum** located at 419 West St. Caldwell has a well put together display of artifacts and photos from the USS Shenandoah to view Mondays, Wednesdays and Thursdays 11-4 p.m. Souvenirs and books are available for purchase while supplies last. Tourism info also available at the museum.

The **Tourist Information Cabin** is located just off I-77 at exit 25. and you can find visitors guides and other information 24-7.

2025 looks like it's going to be a great year to visit.

## HISTORICAL ATTRACTIONS

# Historical Attractions

The Historic Jail, designed by J.W. Yost of Columbus and built by Mills & Summers of Caldwell in 1881-1882, replaced the first jail that had been built on this site in 1859. It served as a jail and home for the sheriff and his family from 1882 to 1998. The Historical Society leased the structure in 1999. The building was dedicated as a museum July 4, 2003 and was added to the National Registry in 2004.

## Well Kept History, A Walk Back in Time

### Crooked Tree School

A historical old school house continuing to educate on the "Good Old Days"

The decade between the end of World War I and the beginning of the Great Depression was characterized by a strong economy and major cultural shifts. The nation's wealth more than doubled between 1920 and 1929, and many Americans moved from rural areas to cities in search of new social, cultural, and employment opportunities.

#### Last Survivor of the Revolutionary War Monument

Pays tribute to John Gray who died on March 29, 1868 at the age of 104. The gravesites of John Gray and his wife are on Brookfield Township Rd. 1130.

#### Johnny Appleseed Memorial

38345 Marietta Rd., Dexter City, OH 45727

[www.roadsideamerica.com/tip/6641](http://www.roadsideamerica.com/tip/6641)

Johnny Appleseed Chapman and his family lived near here, and he planted his fruit trees in the area. The Memorial is made of rocks donated by people all along his route. Relatives are buried in the family cemetery on a nearby hill. (not John Chapman)

#### St. Mary's Church of the Immaculate Conception

43700 Fulda Rd., Caldwell, OH 43724  
740-732-4129 • [facebook](https://www.facebook.com/stmaryscaldwell)

The church is on the National Register of Historic Places due to both its history as a parish organized by early German immigrants (1847) and its impressive Romanesque Revival architecture. Still actively in use for worship. Hosts an annual pork and sauerkraut dinner you will enjoy!

Received a fresh coat of paint this year!

#### Thorla-McKee Park

East of Caldwell along St. Rt. 78. [www.roadsideamerica.com/story/11665](http://www.roadsideamerica.com/story/11665). I-77 exit 25. Hwy 78 east of town. At the jct of Hwy 564, in a little park on the southeast corner. Look for the caboose. Park and walk into the trees, paralleling Hwy 78. You'll quickly find the well.

In 1814, Silas Thorla and Robert McKee were drilling for salt. It was a disappointment when they struck oil although they collected the oil and sold it as a salve and digestive aid called Seneca Oil. Turned out this well was the first oil well in North America and foretold the future of Noble County's involvement in the energy industry. The original well was cased with a hollow sycamore log, which can still be seen, and the well still produces limited quantities of oil, gas and salt water. Caboose #33 from the Bellaire, Zanesville, Cincinnati Railroad (affectionately known as Bent, Zig-zag and Crooked) is housed here. This railroad used narrow gauge track – good for winding through the southern Ohio hills.

Improvements were made to the well site this past year by the Ohio Natural Energy Institute in Granville, Ohio.

The first commercial radio station in the U.S. started broadcasting in 1920. A pioneer was Cincinnati inventor and entrepreneur Powel Crosley Jr. When his son asked for a radio in 1921, Crosley was surprised to find that toy radios cost \$100+. He hired 2 University of Cincinnati students to design a low-cost version, and later that year introduced the "Harko" at a sales price of \$7. By 1925, the Crosley Radio Corp. was the largest radio manufacturer in the world, and by the end of the decade, more than 12 million homes had radios. No other invention at the time did more to spread music, sports, advertising, and ideas throughout the country.
